Info: Marimile de mai sus sunt circumferinte luate direct pe piele si peste lenjeria intima.

***Bustul** se masoara intotdeauna peste sutien, de preferinta cu acel sutient cu care intentionati sa purtati articolul vestimentar.*

***Talia anatomica** este 2-3 degete deasupra buricului. Ca regula generala, unde este situat cotul, acolo este si talia anatomica.*

***Soldul** se masoara peste slip si este situat in zona pubiana.*
